

The white tarp is 5 ft by 10 ft and even sitting in the sun for an hour the inside temp rose only from 72 F to 76 F even though outside it was 82 F. There was no fan or AC power used.

Tap the Navigate heading to expand the display as shown on the right.

Press the wiper icon to turn the wiper on/off.

When driving, monitor this real time energy at your destination and plan super charging stops as needed. The real time value should stay nearly constant during your trip.
